

New Culture™ headsets

Everyone deserves

Sennheiser Sound

Sennheiser SC 30/60 USB CTRL and SC 30/60 USB ML
4 new additions to our growing range of UC enabled headsets

 **SENNHEISER**

A quality user experience can improve Unified Communications adoption and performance

The Sennheiser Culture™ Series headsets are specially designed as a premium deployment-friendly solution for enterprises transitioning from traditional telephony systems to Unified Communications. All Culture™ headsets offer Sennheiser HD voice clarity for a more natural listening experience, quality sound and excellent wearing comfort – something you will notice immediately.

Simple to deploy and fully integrated for productivity

The Culture™ headsets SC 30 USB CTRL and SC 60 USB CTRL are compatible with global providers of Unified Communications solutions and SC 30 USB ML and SC 60 USB ML versions are optimized for Microsoft Lync. To smooth the change from traditional systems to Unified Communications, high quality, easy to use tools offer a richer and more rewarding experience, which makes transition simpler and more productive. Combine this with plug and play implementation, and you have the ideal deployment headset.

Unified Communications For You

Hearing protection

Comfort

ActiveGard™

Hearing protection

- ActiveGard™ system protects against acoustic burst and sudden sound surges
- User safety comes first
